

CLOUDBERRY LAB IS NOW

# #1 MSP Backup. Simple. Profitable.

Leverage AWS, Wasabi, Backblaze B2 and local storage.  
Deliver data protection. Drive profit under your brand with no contracts.

## #1 Backup Solution for Managed Service Providers

MSPs build the most profitable and easy-to-manage, backup and recovery business in just 15 minutes. With monthly billing, no contract, and under your brand, you can leverage cost-effective, elastic public cloud storage, like AWS, Wasabi, and Backblaze B2 to deliver best-in-class data protection to your customers.
